I purchased this game for my 4 year old son. I ended up playing it too. It can get to some pretty challenging levels however it takes a little while for that to happen. That allows my 4yr old time to learn how to play without getting frustrated. Its defitely my favorite.

Try it! It's a great game, family fun. Creative, but be warned, it is addictive. My daughter insists on playing it daily! If you're looking a nice family game, buy it today and you will have yourself hours of fun, you'll never get tired of playing it. Highly recommended
