Synopsis

You can find chord diagrams everywhere, but this set of mandolin chord diagrams is set out in a way that shows you a group of chords in a particular key, This makes it easier to practice playing chords that are commonly found together in songs. Page 2 shows a few more common chords that you will have at your fingertips (no pun intended). This 2-page format can be printed and laminated to sit on your music stand for quick reference.

Customer Reviews

I pulled the trigger on this purchase before I realized that:1) These few chords are all over the web for free.2) You can print the free chord diagrams.Only \$3, so I am already over it.

This is a rip-off for anyone who buys it!! I purchased this download because the write-up clearly states it can be downloaded, printed out and laminated for use on my music stand. No where is there a means for printing this out. Worthless without the ability to print out! I am not going to fasten my 10 inch tablet to the music stand so I can use the chart! Sold under false statements!!! I want my money back.

I thought this would be a bit more comprehensive. The price was low, however, so, it wasn't a big

disappointment.
