Listening In Detail: Performances Of Cuban Music (Refiguring American Music)

Synopsis

Listening in Detail is an original and impassioned take on the intellectual and sensory bounty of Cuban music as it circulates between the island, the United States, and other locations. It is also a powerful critique of efforts to define "Cuban music" for ethnographic examination or market consumption. Contending that the music is not a knowable entity but a spectrum of dynamic practices that elude definition, Alexandra T. Vazquez models a new way of writing about music and the meanings assigned to it. "Listening in detail" is a method invested in opening up, rather than pinning down, experiences of Cuban music. Critiques of imperialism, nationalism, race, and gender emerge in fragments and moments, and in gestures and sounds through Vazquez's engagement with Alfredo Rodríguez's album Cuba Linda (1996), the seventy-year career of the vocalist Graciela Pérez, the signature grunt of the "Mambo King" Dámaso Pérez Prado, Cuban music documentaries of the 1960s, and late-twentieth-century concert ephemera.

Customer Reviews

Very insightful, lots of meaning into music and lyrics that you don't really pay attention to when you are casually listening to the songs in the book. What amazes me is that Alex is Cuban to the core and became more so after she left Miami. I should know, I am her Dad.
