# Sound Innovations For Concert Band, Bk 2: A Revolutionary Method For Early-Intermediate Musicians (Trombone), Book, CD & DVD (Sound Innovations Series For Band)

## Synopsis

Sound Innovations for Concert Band, Book 2 continues your student's musical journey by teaching with segmented presentation of new concepts and introducing ensemble playing. Isolating concepts and teaching them individually helps facilitate understanding of the more advanced material.

Following the unique Sound Innovations organization, the book contains four levels, each of which is divided into several sections that introduces concepts separately and provides plenty of practice and performance opportunities to reinforce each lesson. ## Customer Reviews

I purchased this book for my grandson. He plays the tuba, and none of the music stores in town had this book. Well, they all had it... But not for tuba. I tried every store from Tacoma to Seattle...

Nothing. I was so glad when I found it on ! It was \$2 less than anyone locally wanted, and it arrived a week sooner than I could have got it if I'd had a local store order it in. Plus, I didn't have to drive to the store! Do yourself a favor and just buy it here. You'll be glad you did.

My child needed this for band. We couldn't find it anywhere, locally or otherwise. Had it to us before lessons started, while others in the band were still waiting.

This book is as ordered- but be sure to check it is for the correct instrument (not as clear since they all look the same).

This book is the easiest way to learn how to play flute!!!!It teaches you really fast how to play like a pro

As described, and beats the price of my local music store!

arrived early and just what my daughter needed

Nothing to say but what we expected.
