Alfred's Basic Guitar Method, Complete: The Most Popular Method For Learning How To Play, Book, DVD & Online Audio, Video & Software (Alfred's Basic Guitar Library)

Synopsis

Recognized for over 50 years as the best-paced and most comprehensive guitar method available, Alfred's Basic Guitar Method has introduced over five million beginners to the joy of playing guitar. Now included are blues, country, folk, jazz, and rock styles, plus more pop songs! Videos are available for the visual learner, and correlating theory, chord, and pop books provide everything you need from one complete method. Learning to play has never been easier or more fun than with Alfred's Basic Guitar Method---the first and best choice for today's beginning guitar students. The Complete Edition includes Books 1, 2 & 3 of Alfred's Basic Guitar in one convenient volume. It begins with the basics like how to hold your guitar and read music and takes you all the way to advanced playing techniques. For the first time, companion audio tracks that can be downloaded or streamed online are included with the book, so you'll have everything you need in one place. The DVD is newly updated and features video lessons, MP3 audio tracks, as well as TNT 2 software which lets you slow down tracks, isolate and loop parts, and change tempos for customized practice. All of the audio, video, and software include free online access.

Customer Reviews

Very Complete book for beginning guitar. Includes DVD and software that allows you to play either the chords or lead portion of many of the songs and mute the other part depending on which part you are working on. Video portions good also. Easy to download to PC/MAC or IPAD. Not a

"Picking and Grinning" book with just words and chords; it starts out teaching you how to play simple melodies and every aspect of reading music. You learn some notes and get the fretting hand in shape before trying to make difficult chords. Songs included from mostly folk and classical genres are selected really well to teach the technique of each lesson. Works well for self study or would be good for a teacher to use. DOES NOT have any TAB! If you want to start with TAB AND Staff, then get Alfred's "DIY Guitar" book. Designed for the student who really wants to learn music. I have looked at the other popular Method books and this one seems to be the best.
