Customer Reviews

I just bought it because they are graded assignments from class but its poorly formatted and the exercises are not good enough in order to understand the material. It was delivered promptly and in great condition.

this is the worst study guide i have ever seen there are lots of unclear and difficult practice problems and the "Study Guide" provides NO SOLUTIONS!!!!!!!!NO ANSWERS TO THE PRACTICE PROBLEMS ARE PROVIDED!!!!!!!!

Prepare to be dazzled by a complete lack of explanations to the solutions in the back of the book. Professors, please, PLEASE stop using this damn book.

Worst Ever!!!! Don't waste your money!!!

its what it says it is
