# Volume I: The King Of The Elves

## Synopsis

Philip K. Dick (1928-1982) was one of the seminal figures of 20th century science fiction. His many stories and novels, which include such classics as *The Man in the High Castle* and *Do Androids Dream of Electric Sheep?*, reflect a deeply personal world view, exploring the fragile, multifarious nature of reality itself and examining those elements that make us - or fail to make us - fully human. He did as much as anyone to demolish the artificial barrier between genre fiction and "literature," and the best of his work has earned a permanent place in American popular culture. *The King of the Elves* is the opening installment of a uniform, five-volume edition of *The Collected Stories of Philip K. Dick*, expanded from the previous *Collected Stories* set to incorporate new story notes, and two added tales, one previously unpublished, and one uncollected. This generous collection contains 22 stories and novellas including Dick's first published story, "Beyond Lies the Wub," together with such landmark tales as "The Preserving Machine," in which an attempt to preserve our fragile cultural heritage takes an unexpected turn, *The Variable Man*, a brilliantly imagined novella encompassing war, time travel, and the varied uses of technology, and the title story, in which Shadrach Jones, owner of a dilapidated gas station in Colorado, stumbles into an ongoing war between trolls and elves, and encounters a fantastic - and utterly unexpected - destiny. Like the best of Dick's novels, these stories offer a wide variety of narrative and intellectual pleasures, and provide an ideal introduction to one of the singular imaginations of the modern era.

## Book Information

Audible Audio Edition

Listening Length: 20 hours and 9 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Brilliance Audio

Audible.com Release Date: April 28, 2016

Language: English

ASIN: B01EVK21HO

Best Sellers Rank: #32 in Books > Audible Audiobooks > Science Fiction > Anthologies & Short Stories #279 in Books > Science Fiction & Fantasy > Science Fiction > Anthologies #11114 in Books > Audible Audiobooks > Fiction & Literature

## Customer Reviews

It's interesting having a woman's voice doing the reading. She deepens her voice in dialogues to

distinguish characters, and deepens it even more when doing the voices of authority figures. In a way this adds an element of mocking and ridicule to those characters, which is appropriate in stories of crushing bureaucracy and government. The reader has a good voice, but there are other recordings where the reader reads a bit more slowly and dramatically, to more successful effect. Also, I caught a couple of instances where "secret" is used as a verb in the past tense in "secreted" but the reader didn't catch the difference and pronounced it as "seCRETed" as though it were from the verb "secrete" instead of pronouncing it as "SEcreted." Not a huge deal, just mildly jarring to hear. All in all it's a good collection and I was satisfied with the price. One annoying thing is that the collection doesn't come with a list of what stories are on which discs. That would have been helpful.
