The Six-Week GMAT Study Guide: The Proven Plan For A 700+ GMAT Score

Synopsis

The Six-Week GMAT Study Guide is the who, what, where, when, and how of GMAT studying. Follow it exactly and you will be well on your way to a 700+ in only six weeks. This eBook includes a six-week, day-by-day schedule proven to achieve a 700+ GMAT score. When you are studying for the GMAT, you should not spend your time figuring out what books to buy, where to begin studying, what study materials to use, and the most effective day-to-day study plan. This eBook is designed to empower you to focus less on planning your study time and more on actually studying. The Six-Week GMAT Study Guide is a proven and predetermined study plan that allows you to focus your studies, check on your progress, and give 100% of your attention to the formidable GMAT. This study guide does not contain any testing strategies or practice questions; it is a day-by-day, hour-by-hour breakdown of how you should spend every ounce of your study time. Do not make the mistake of spending hours researching a study plan that is based on unverified opinions, as many GMAT students do. The Six-Week GMAT Study Guide is a proven, detailed, day-by-day schedule of how to achieve your GMAT dreams. This book contains:

- Explanation of test preparation materials to purchase
- Weekly overview of what books to study
- Weekly overview of what study materials to use
- Weekly overview of the topical focus of your studies
- Daily overview of how to maximize your study time
- Daily overview of what topic to study
- Daily overview of which practice problems to tackle
- Daily overview of what materials to review
- Daily overview of how to approach your studies
- Printable daily checklist of actionable activity
- Description of proper study environment
- List of steps to take before the GMAT
- Explanation of when to register for the GMAT
- Detailed explanation of an effective study mindset
- Overview of steps to take on your actual test day

Customer Reviews

Nick is a smart guy - and this system has worked!

Don't waste your money. In essence this book says to quit all other activities and study for 6 week. It does not have any questions at all. Study guide title is very misleading
