The Basse Danse Handbook (Wendy Hilton Dance & Music)

Synopsis

The study of French Basse Dance was initiated by musicologists. This was because little progress could be made until they had solved the riddle of the fifteenth-century Basse Dance tunes in equal notes. From a musicological point of view, Basse Dance in the fifteenth century and Basse Dance in the sixteenth century, as so far known, are worlds apart, and it is hardly surprising that they came to be treated for the most part as separate topics. . . . Evidence for the steps of these dances is a great deal more abundant than that for the music, and it tells a different story. The development of French Basse Dance can be traced through five main phases from c. 1445 to the end of the sixteenth century. There are indeed gaps in this chronicle, but no major hiatus at the beginning of the sixteenth century to match that seen in the musical evidence. We believe it is more than time to bring all the relevant documents together and so to look at Basse Dance as a whole. From the Preface

Book Information

Series: Wendy Hilton Dance & Music

Hardcover: 311 pages

Publisher: Pendragon Pr (May 15, 2012)

Language: English

ISBN-10: 1576471608

ISBN-13: 978-1576471609

Product Dimensions: 1.2 x 8.8 x 11.2 inches

Shipping Weight: 2.4 pounds

Average Customer Review: 5.0 out of 5 stars Â See all reviews Â (1 customer review)

Best Sellers Rank: #2,190,915 in Books (See Top 100 in Books) #231 in Books > Arts & Photography > Music > Musical Genres > Dance #604 in Books > Arts & Photography > Performing Arts > Dance > Classical #171290 in Books > Humor & Entertainment

Customer Reviews

This is a first class collection of the sources for the basse danse in Europe from its earliest appearance in print to the latest. Wilson gives a transcription of the original texts plus a highly detailed account of the dance and its progress through the centuries. Highly recommended. Diana Cruickshank, Chairman - Early Dance Circle
